2023-2024 School Accountability Report Card

(Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

2024-25 School Description and Mission Statement

Mary Fay Pendleton is a Transitional Kindergarten through eighth grade school that boasts of proud traditions and new opportunities. We believe it is essential to create a close home and school partnership to fully support our students' personal growth and intellectual development. We serve a diverse community in north San Diego County. Over 95 percent of the students attending Mary Fay Pendleton are from military connected families, and 56.9 percent are from families considered socioeconomically disadvantaged. Our primary focus is to increase student achievement for all students while closing the achievement gap. We create rigorous learning experiences that require independent thought and application of knowledge because we believe all students will learn, and we have systems in place to advance the achievement of every student. Todd

2024-25 School Description and Mission Statement

Whitaker states, "Without great teachers, the school lacks the keystone of greatness." Our school has a highly skilled and dedicated staff utilizing the common instructional framework known as the Five Dimensions of Teaching and Learning, and it is supported by job-embedded instructional coaching. Mary Fay has embraced two initiatives to develop a culture of leadership. First, The Leader in Me focuses students on developing leadership skills empowering them to be productive members in their communities. Second, Mary Fay has fully implemented Professional Learning Communities (PLCs) amongst the staff. Our staff has high expectations for themselves and their students. We are committed to providing a guaranteed, viable curriculum with the belief that all students will learn. We ensure all learning tasks are meaningful and aligned to standards-based objectives. Mary Fay Pendleton also offers a broad course of study weaving science lab experiences into the academic week. Students engage in the arts through visual and performing arts opportunities. Collectively, we ensure every student has the opportunity to succeed socially, emotionally and academically.

Mission Statement:

Mary Fay Pendleton is committed to developing each student's academic, social, emotional, and physical well-being through a safe, engaging, and rigorous, standards-based learning environment focused on leadership and a college-bound culture.

Vision Statement:

Mary Fay provides a culture of leadership, high academic rigor, and personal growth to all students in a safe and enriching environment.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2024-25 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Textbooks are recommended by District academic committees which have representation from all school sites. A public review of proposed adoptions is advertised, and community members are invited to participate in this process. All students are assigned adopted textbooks. In Fallbrook Union Elementary School District each pupil, including English learners, has access to his or her own copy of the Standards-aligned textbooks (approved by the State Board of Education) and instructional materials in the core curriculum areas of reading/language arts, math, science, and history-social science to use in class and to take home. All textbooks are consistent with the content and cycles of the curriculum frameworks adopted by the State Board of Education. Visual and performing arts are taught to all students through integrated lesson plans during regular curriculum instruction, as well as outside contractors.

School Facility Conditions and Planned Improvements

Mary Fay Pendleton School has 50 classrooms as well as auxiliary rooms including a library, gym/auditorium, and cafeteria. All classrooms, library, offices and staff lounge have upgraded technology and internet access. The Facilities Department has systems in place to maintain a safe and orderly campus. Detailed cleaning schedules as well as major maintenance life cycle plans for items such as hvac, roofs, flooring and mechanical systems are utilized. HVAC systems are well maintained with regular filter changes. District maintenance staff ensures that the maintenance necessary to keep the school in good repair is completed in a timely manner. A Facilities Management system has been upgraded and is used to ensure safety related repairs are given high priority. A facility assessment is done annually to identify and prioritize potential facility improvements. All areas of deficiency listed below have been corrected or remedial action is planned. The school opened in 2021 after new construction and is in excellent condition.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

Mathematics (grades 3-8 and 11)	59	66	36	42	34	35

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2023-24 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2023-24 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

Mary Fay Pendleton School is committed to working with our parents to extend and enrich the school experience for all students. We believe in providing parents and families with regular communication through our school website, Peachjar flyers, "all calls," social media feeds, newsletters, and our weekly communication folders. Opportunities for parents to engage in the school are outlined annually in our Parent and Family Engagement Plan. We welcome parents on our campus/or virtually and annually offer a "Meet and Greet" before school begins, a Fall "Back To School Night," student-led parent conferences, Coffee and Conversation with the Principal, a "Leadership Day," Family events, and a Spring "Open House". We offer a variety of parent volunteer, education, and engagement opportunities at our school sites and centrally, in-person or virtually. We encourage parents and community members to join the Parent Teacher Association (PTA), and to participate by attending various school committee meetings such as School Site Council (SSC), English Learner Advisory Committee (ELAC) and Lighthouse Leadership Meetings, virtually or in-person. For more information regarding parent involvement opportunities please see the school site Parent and Family Engagement Plan, contact the site administration or your child's teacher.

2024-25 School Safety Plan

Each Fallbrook Union Elementary School District site completes a Comprehensive School Safety Plan (CSSP), including a disaster preparedness plan annually. School administrators work closely with local law enforcement, the fire department, and/or the Provost Marshall's Office on Camp Pendleton who review the plans and also participate in emergency drills, provide

2024-25 School Safety Plan

feedback, attend site and district safety meetings, and collaboratively help to improve overall campus safety, climate, and security. Copies of the Comprehensive School Safety Plans are available for review at each school office. The plan includes emergency procedures for school safety, natural disasters, and campus intruders. It also contains appropriate strategies and programs that will provide or maintain a high level of school safety and address the school's procedures for complying with existing laws related to school safety. Students, teachers, and staff are trained to prepare for a wide range of emergency situations, and frequent drills help to refine emergency skills, policies, and procedures at all school sites. Following each drill, specific and intentional feedback is sought from all participants to continually improve emergency procedures, and improve campus safety.

School and district administrators immediately investigate threats of harm. Teachers and administrators seek to foster lines of open communication so students and parents feel comfortable reporting inappropriate activity including bullying, harassment, or threats. All FUESD staff take a strong stand against threatening behavior or bullying and investigate complaint matters fully. Many positive programs exist districtwide to enhance and continually improve school culture and climate, including Positive Behavior Intervention and Support, Restorative Practices, Suicide Awareness and Prevention, Anti-Vaping Education, and Trauma-Informed Practices.

FUESD has taken a proactive approach to increasing safety and promoting a positive climate. We have invested in additional School Counselors, School Social Workers, and School Psychologists who implement our social-emotional learning program, address student engagement and chronic absenteeism, and provide mental health assessments and support.

Professional Development

As part of FUESD's vision for continuous improvement, the district offered a comprehensive suite of professional development (PD) opportunities leading up to the 2024-25 school year. These efforts aimed to support teachers and staff in delivering high-quality, engaging instruction that fosters student growth. Key PD priorities included:

- 1. Building a Culture of Reading:** Professional learning was centered around developing a school-wide culture of literacy, equipping educators with strategies to cultivate a love for reading and strengthen students' reading proficiency.
- 2. Mathematics Conceptual Understanding:** Targeted PD sessions enhanced teachers' abilities to facilitate deep conceptual understanding in math, supporting students in mastering mathematical reasoning and problem-solving skills.
- 3. Site-Based Professional Learning:** Funds were allocated to each school site to personalize professional development opportunities, allowing for targeted support aligned with the school's unique goals and its Single Plan for Student Achievement (SPSA).

A cornerstone of FUESD's approach to professional learning is the use of Professional Learning Communities (PLCs) by grade level, fostering collaboration among teachers to drive data-informed instruction. These grade-level PLCs serve as a dynamic space for:

Data Analysis: Teachers come together to analyze data from common assessments, identifying trends and pinpointing areas where students excel or need additional support.

Sharing Best Practices: PLCs provide a platform for educators to exchange effective strategies and instructional techniques that align with the district's Tier 1 priorities and curriculum standards.

Developing Instructional Plans: Collaboratively, teachers create targeted plans of instruction to address identified gaps and build on student strengths. This ensures a cohesive approach to addressing student needs across classrooms and grade levels.

By integrating the insights gained through PLC discussions with the district's PD priorities, FUESD is creating a unified and collaborative learning culture that advances teaching excellence and student achievement.
